

FWBBC Adds Cross Country

Cross Country is now a varsity sport at Free Will Baptist Bible College. After a year of anticipation and preparation, FWBBC begins a new era for the Flames.

Two men and one woman are participating in ground-level activities to launch the exciting new program. The men's team is composed of Joel Williams and Jeff Green. Bethany Coats runs for the women's team.

"Training has been more intense than the students thought it would be," said Coach John Brummitt. "They have taken to it without complaint. This season will be a learning experience for all of us, but I do think we will perform well."

Brummitt is excited about the future of Flames' Cross Country and is already working on recruitment and raising campus awareness about opportunities for those who like to run.
